Gingival Recession: Management, Prevention & Treatment

Friday, June 16, 2017
6.0 hours CE credits
Coquitlam, BC

SPECIAL BONUS:
Register for both the seminar and the workshop and take home the 6 high quality German-made dental surgical instruments you will use in the workshop.
Over $500.00 value!

What are the best ways you can prevent recession from happening in the first place?
Learn how you can:
• Prevent recession during and after ortho treatment
• Keep the esthetic zone esthetic – after you’ve treated it
• Prevent recession from coming back after it's been treated

Learn the 5 indispensable gingival grafting techniques you need to know for practical approaches, predictable results that will encourage patients to refer to your practice.
If you’re looking for better ways to prevent and manage gingival recession with evidence-based, practical, proven and effective methods that you can use right away, these programs are for you!

MORNING SESSION:
Interactive Seminar: Management and Prevention of Gingival Recession
• How to determine susceptibility
• Action plans for management and prevention
• When and how to monitor and when to treat gingival recession

AFTERNOON SESSION:
KIWImethod® Workshop: Minimally Invasive Autogenous Gingival Grafting
Whether you've done a thousand tissue grafts, just beginning or wanting to get started, you'll learn:
• The 5 indispensable techniques for root coverage and non-root coverage
• A gold standard methodology that best ensures gingival margin long-term stability
• Specialized techniques for minimally invasive graft harvest

Special Guest Speaker: George K. Merijohn, DDS
A Canadian favorite on gingival recession, Dr. Merijohn returns to BC for this special program following his sold-out programs at the PDC in March 2017. Dr Merijohn is a sought after speaker in the US and Canada, having also recently spoke in Canada for the Ontario Society of Periodontists Annual Session, Canadian Dental Association/Canadian Academy of Periodontology Annual Meeting Newfoundland, and Ordre des dentistes Québec/les Journées Dentaires Internationales du Québec (JDIQ). He will be a featured speaker and workshop leader at the 2019 Ontario Dental Association Annual Meeting.
